

N372A-2

IMPACT LPG Discharge Hose

General Information:

Intended Service: For transferring LPG and Natural Gas

Working Pressure: 350 PSI maximum W.P.

Safety Factor: 5:1 minimum safety on Newly Manufactured Hose

Temperature Range: -40°F to +180°F * See notes below

Tube: Extruded, Smooth Nitrile formulated for LPG transfer

Reinforcement: Multiple, High Tensile, Textile Braids

Cover: Black, Weather and Abrasion Resistant Neoprene

Stripe: N/A

Branding: Emboss Impression that reads

'Goodall MH8393 N372A UL L.P Gas Hose Issue No.

E8073 Max W.P. 350 PSIG (2.4 MPa) *Quarter *Year

Made in Canada 10001 Refer to Industry

Recommendations for Proper Care'

Available Length: 100ft Length

Features and Benefits:

- ISO 9001 Quality and ISO 14001 Environmental registered manufacturer. Highest Quality standards that ensure a safe, consistent and dependable product.
- Manufactured in Canada, following industry standards such as NAHAD and RMA.
- Designed to meet Underwriters Laboratories (UL) specification UL-21
- Frequency testing performed to insure compliance to UL specifications
- Braided reinforcement offers better kink resistance and stability under pressure

ID (inch)	OD (inch)	Maximum Working Pressure (psi)	Weight (lbs/ft)	Minimum Bend Radius (inches)
1 ¼"	1.876	350	0.86	12
1 ½"	2.105	350	1.06	14
2"	2.652	350	1.41	16

* Hose is serviceable to this rating. However, LPG should never be transferred at temperatures above 100°F.

The user is advised that N372A-2 is designed to transfer LPG only. The use of this hose for any other purpose without prior approval in writing by Goodall/Lewis Goetz voids all warranties either expressed or implied. Refer to industry standards, such as RMA, for proper care and maintenance recommendations for LPG/Petroleum hose. Failure to follow these recommendations could result in serious personal injury and/or property damage. Product Illustrations may not exactly reflect the product's design. Insure compatibility between the tube and the product or products transferred before using. Goodall/Lewis-Goetz reserves the right to make any changes to the products listed in this catalogue without prior notification to any customer. Contact Goodall/Lewis-Goetz at www.lewis-goetz.com for any questions or concerns.
