

# CROCODILE

## Water Suction Hose

### N2582

#### APPLICATION AND KEY POINTS:

- Heavy-duty water suction hose for use in quarries on large construction projects or other areas where an extra rugged heavy-duty cover hose is required

#### TEMPERATURE RANGE:

- -40°F to +180°F

#### BURST PRESSURE:

- Minimum 4:1 Safety Factor

#### MATERIAL TUBE:

- Smooth, seamless extruded EPDM
- High heat resistance

#### REINFORCEMENTS:

- Multiple high-tensile textile braids
- Dual steel helix wire for added stability and flexibility

#### MATERIAL COVER:

- Black EPDM
- Abrasion, weather, and ozone resistant

#### BRANDING:

- Yellow longitudinal stripe
- Embossed Stripe: GOODALL® N2582 • CROCODILE WATER SUCTION • 250 PSI MAX WP • MFR C-Y-M • MADE IN CANADA 10001 • REFER TO INDUSTRY RECOMMENDATIONS FOR PROPER CARE •

#### STANDARD LENGTHS:

- 100 feet
